Good morning, let's start with our camping experience. In the morning after you freshen up, your guide will be awaiting at the reception to help you check out and transit you to the Okavango delta (Moremi Game Reserve).

Ideally located in the central and eastern region of the Okavango Delta, moremi offers remote and secluded adventures in private concessions. Moremi game reserve features one of the most varied ecosystems in Africa. Witness the raw, untouched beauty of the open bush, widely acknowledged as the predator capital of the world. The region promises up-close views of unique wildlife and flourishing vegetation. What is expected there? Lions, leopard, wilddogs, hyena, well I can tell you Huge elephants as compared to other areas.

Without stop over and game drives on the way the drive to moremi will take approximately 3-4 hours. But your drive will take the full day, there will be game drive on the way, stop over to have packed meals and refresh. This is only to give you enough time to feast your eyes at the beautiful wilderness of Botswana.

Upon arrival you will be welcomed by camp staff who will then brief you about your new home in the bush. Freshen up and get ready for dinner.

A professional bush chef assigned for your tour will start dinner by explaining his menu of the day. Then after dinner campfire with the whole camping clan will share experiences of life spiced with folklore tales.

Go to bed keeping in mind that we are going to another campsite tomorrow.

This is the only park known for its large herd of elephants in Africa and estimated to be over 120000. Chobe National park is approximately 11700 square kilometers and it is made up of rich ecosystems and prestine landscape consisting of savanna plains, river, swamp and scrub. Winding through this beautiful ecosystem is the magnificent mighty chobe river.
